

REMARKS

Present Amendment is submitted in response to an Office Action dated October 20, 2005 and, further, to an Advisory Action mailed on February 17, 2006 .

It is believed that claims 1-10 as amended, and new claims 11-20, render the subject application patentably distinctive over the prior art of record and therefore it is now in condition for allowance.

Respectfully submitted,

GOTTLIEB, RACKMAN & REISMAN, P.C.
